

Gut Happy with Prebiocran™

SUPPORT GUT BARRIER FUNCTION
WITH PREBIOCRAIN™ CAPSULE

Market insights

- An unbalanced diet, that is high in sugar and fat, or low in fibre, can lead to perturbations in the gut microbiota.
- Many consumers are health-conscious and recognize the importance of gut health.
- In addition to having gut function benefits, a healthy gut is also associated with many health benefits including metabolic benefits.

Reasons to believe

- Formulated with Prebiocran™, a new generation solution to support gut functions.
- This cranberry polyphenols-based solution is science-backed by a 5-year INAF research program.
- Its low dose (480 mg) solution offers convenient on-the-go supplement formats.
- High in vitamin B3 and zinc.

This recipe card is intended to industry professionals. It is the responsibility of each manufacturer to verify the compliance of the final product's labeling and communication indicated on the finished foods to be delivered as such to the consumer with respect to the applicable local legislation.
